Introduction to Stock Table Tops

A range of stock-sized table tops are offered in a multitude of finishes and sizes. Stock table tops are often more economical than bespoke sizes, with generally faster lead times.

Our friendly team will be on hand to assist with any enquires or questions you may have.

25 mm Premium Laminate

These premium tops are of the highest quality; perfectly suited to a range of end uses such as restaurants, bars, cafés and bistros.

They are manufactured within the United Kingdom, are scratch resistant, and boast an impressive 180°C heat resistance. These are offered in 25 mm thickness, with an MDF core and ABS edging for a sleek and professional finish.

25 mm MFC

Standing for ‘melamine’, these 25 mm thick MFC table tops are also made in the United Kingdom. With increased durability, these are particularly suited to busy and high-traffic environments.

These easy to clean tops are heat resistant to 140°C, and feature a strong chipboard core with sides wrapped in 2mm impact resistant ABS edging.

Solid Wood

These solid-wood beech table tops come stock stained in either oak, walnut or wenge. They can also be supplied ‘RTF’ or ‘Ready to Finish’. Made in Italy, they exude quality with a distinct aesthetic only possible with real solid wood construction. They have a specialised polyurethane coating to protect against spills and scratches.

STEP 3 - Our Finishes

Atlas offer an array of finishes across both solid and veneered timbers. Our friendly team will be happy to assist with your enquiry.

Antiquing
Unique application of colour to make the given product appear aged.

Distressing
Typically used in addition to antiquing; the material is skilfully worn, scuffed and distressed for a characteristic charm.

Rubbed Through Paint Finishes
Unique lacquering and sanding techniques expose areas of darker paint coats, giving a rustic 'shabby chic' look.

Stains
Staining penetrates the wood with pigments of your choice. There are endless colours and intensities to choose from.

Lacquers
Durable finishes that assist in preventing wear and tear. Ours hold up to years of contact use with the correct maintenance.

Solid Colours
A uniform one-colour finish given in reference to a colour chart system such as RAL. We also offer a colour matching service.

Polyester Deep Glossing
A thick, mirror-like finish that captures a luxurious and modern aesthetic. Polyester build layers with a polyurethane top coat.

Liqui-Met
Available in 10 different colours, Liqui-Met's sprayable metal coating gives any substrate a solid metal appearance.

Barrier / Fire Coatings
From antibacterial coatings through to Class 0 and Class 1 fire retardant coatings - we offer a range of specialist finishes.

STEP 4 - Edge Profiles

Edge profiles can be applied to any top, offering a custom finish to any project. Designs can range from subtle details such as *Bevel*, through to more extravagant designs like *Waterfall*.

Square
Straight edging that offers clean lines to any top.

Bevel
An angled cut across the leading edge.

Convex
Both leading edges have been softened.

Undercut
Elegant and contemporary profile that undercuts the table edge.

Half Ovolo
A rounded and convex profile across one leading edge.

Waterfall
Cascading appearance for added design flare.

Half Bull Nose
Rounded upper edged profile.

Bull Nose
Both leading edges are rounded.

THE BESPOKE SEATING MANUFACTURERS

Quality Construction Methods Developed from Years of Experience.

OUR MOST POPULAR AND RECOMMENDED

Atlas Standard Sprung Seating Construction

Our ‘Standard Sprung’ construction which has been tested to BS EN 15373 for severe contract use comes with a 10 year frame guarantee. With a rigid frame construction and use of serpentine type springs, it can be finished with a number of seat types, variations, additions and ergonomic styles to suit.

Atlas Helical Sprung Seating Construction

Our more luxurious ‘Helical Sprung’ construction with the addition of a sprung back to provide extra comfort. The helical springs in the base offer a natural fit that contours and supports the body.

Atlas Pocket Sprung Seating Construction

Our latest design, ‘Pocket Sprung’ construction. The base is assembled using a pocketed spring construction — similar to those found inside some mattresses. This further improves the comfort factor, whilst offering good ergonomic support.

WE ALSO OFFER WHERE REQUIRED

Atlas Platform Base Seating Construction

This frame construction utilises a rigid base in place of any springs or webbing. The platform base is covered in foam to suit, and then upholstered. Platform base units can often run at a more economical price, though some comfort will be compromised.

Atlas Webbed Cushion Seating Construction

These units are typically composed of our rigid frames with a strong elasticated webbing that forms a lattice-like weave where the springs would usually sit. Foam or feather-filled cushion are then placed on top of the webbing for the user to sit on.

2. BASIS OF CONTRACT

2.1 The Order constitutes an offer by the Customer to purchase Goods and/or Services in accordance with these Conditions.

2.2 The Order shall only be deemed to be accepted when the Company issues written acceptance of the Order at which point and on which date the Contract shall come into existence (**Commencement Date**).

2.3 The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise,

representation, assurance or warranty made or given by or on behalf of the Company which is not set out in the Contract.

2.4 Any samples, drawings, descriptive matter or advertising issued by the Company and any descriptions of the Goods or illustrations or descriptions of the Services contained in the Company's catalogues, brochures or on the Website are issued or published for the sole purpose of giving an approximate idea of the Services and/or Goods described in them. They shall not form part of the Contract or have any contractual force.

2.5 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.6 Any quotation given by the Company shall not constitute an offer, and is only valid for a period of 20 Business Days from its date of issue.

2.7 All of these Conditions shall apply to the supply of both Goods and Services except where application to one or the other is specified.

3. GOODS

3.1 The Goods are described in the Company's catalogue as modified by any applicable Goods Specification.

3.2 To the extent that the Goods are to be manufactured in accordance with a Goods Specification supplied by the Customer, the Customer shall indemnify the Company against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Company in connection with any claim made against the Company for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Company's use of the Goods Specification. This clause 3.2 shall survive termination of the Contract.

3.3 The Company reserves the right to amend the Goods Specification if required by any applicable statutory or regulatory requirements.

4. DELIVERY OF GOODS

4.1 The Company shall ensure that:

(a) each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Company reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if

the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and

(b) if the Company requires the Customer to return any packaging material to the Company, that fact is clearly stated on the delivery note. The Customer shall make any such packaging materials available for collection at such times as the Company shall reasonably request. Returns of packaging materials shall be at the Company's expense.

4.2 The Customer will specify in the Order whether it requires:

- (a) the Goods to be delivered to Site (**Site Deliveries**); or
- (b) the Goods to be made available for collection from the Factory (or such other location as may be advised by the Company prior to collection) (**Collections**).

4.3 In the case of Site Deliveries, the Company may deliver the Goods at any time after the Company notifies the Customer that the Goods are ready, and delivery of the Goods shall be completed on the completion of unloading of the Goods from the Company's delivery vehicle at the Site.

4.4 In the case of Collections, the Customer shall collect the Goods within five Business Days of the Company notifying the Customer that the Goods are ready, and the delivery of the Goods shall be completed on the loading of the Goods onto the Customer's (or an agent of the Customer's) delivery vehicle at the Factory (or such other location as may be advised by the Company prior to collection).

4.5 Any dates quoted for delivery of the Goods are approximate only, and the time of delivery is not of the essence. The Company shall not be liable for any failure or delay in delivery of the Goods that is caused by:

- (a) a Force Majeure Event;
- (b) any unforeseen event which is not the fault of the Company;
- (c) the Customer's failure to provide the Company with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods; or
- (d) a change in the Customer's instructions.

4.6 If the Customer fails to accept or take delivery of the Goods within 10 Business Days of the Company notifying the Customer that the Goods are ready, then except where such failure or delay is caused by a Force Majeure Event or by the Company's failure to comply with its obligations under the Contract in respect of the Goods:

(a) delivery of the Goods shall be deemed to have been completed at 9.00 am on the eleventh Business Day following the day on which the Company notified the Customer that the Goods were ready; and

(b) the Company may store the Goods until delivery takes place, and charge the Customer for all related costs and expenses (including insurance).

4.7 The Company may deliver the Goods by instalments, which may be invoiced and paid for separately. Each instalment shall constitute a separate contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

5. ACCEPTANCE

5.1 Immediately following delivery, the Customer will inspect the Goods and may reject any that do not comply with clause 6.1, provided that the notice of rejection is given to the Company as soon as reasonably practicable after the Goods are inspected and in any event within 2 Business Days of delivery.

5.2 If the Customer fails to give notice of rejection in accordance with clause 5.1, it shall be deemed to have accepted the Goods.

- (c) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979); and
- (d) be fit for any intended purpose made known by the Customer to the Company.

6.2 The Customer acknowledges that during the manufacturing process colour, dye lot and stain variations often occur and that the Company does not guarantee the Goods will be exactly the same shade as any samples provided to the Customer prior to production. The Customer shall have the opportunity to visit the Factory during production, on providing reasonable notice to the Company, to inspect any variation for themselves.

6.3 The Company further warrants that for a period of 10 years from the date of delivery (warranty period), any banquet seating frames supplied within the Goods shall:

- (a) be free from material defects in design, material and workmanship;
- (b) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979); and
- (c) be fit for any purpose held out by the Company.

6.4 In the case of materials or products supplied by the Company but which have not been manufactured by the Company, the Company will only grant (where possible) to the Customer the benefit of any warranty whether express statutory or otherwise that it has received from its supplier.

6.5 Subject to clause 6.6, if:

- (a) the Customer gives notice in writing (during the applicable warranty period) that some or all of the Goods do not comply with the warranties set out in clause 6.1, 6.3 and 6.4; and
- (b) the Company is given a reasonable opportunity of examining such Goods; and
- (c) the Customer (if asked to do so by the Company) returns such Goods to the Company's place of business at the Customer's cost,
- the Company shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

6.6 The Company shall not be liable for the Goods' failure to comply with the warranties in clauses 6.1, 6.3 and 6.4 if:

- (a) the Customer makes any further use of such Goods after giving a notice in accordance with clause 6.5; or
- (b) the defect arises because the Customer failed to follow the Company's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or good trade practice; or
- (c) the defect arises as a result of the Company following any drawing, design or Goods Specification supplied by the Customer; or
- (d) the Customer alters or repairs such Goods without the written consent of the Company; or
- (e) the defect arises as a result of fair wear and tear, wilful damage,

negligence, or abnormal operating conditions; or

(f) the Goods differ from the Goods Specification as a result of changes made to ensure they comply with applicable statutory or regulatory standards.

6.7 Except as provided in this clause 6, the Company shall have no liability to the Customer in respect of the Goods' failure to comply with the warranties set out in clauses 6.1, 6.3 or 6.4.

6.8 The terms of these Conditions shall apply to any repaired or replacement Goods supplied by the Company under clause 6.5.

7. TITLE AND RISK

7.1 The risk in the Goods shall pass to the Customer on delivery.

7.2 Title to the Goods shall not pass to the Customer until:

(a) the Company receives payment in full (in cash or cleared funds) for the Goods and any other goods that the Company has supplied to the Customer in respect of which payment has become due, in which case title to the Goods shall pass at the time of payment of all such sums.

7.3 Until title to the Goods has passed to the Customer, the Customer shall:

- (b) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;
- (c) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price on the Company's behalf from the date of delivery;
- (d) notify the Company immediately if it becomes subject to any of the events listed in clause 14.1(b) to clause 14.1(m); and

(e) give the Company such information relating to the Goods as the Company may require from time to time.

7.4 Subject to clause 7.5, the Customer may use the Goods in the ordinary course of its business (but not otherwise) before the Company receives payment for the Goods.

7.5 If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 14.1(b) to clause 14.1(m), then, without limiting any other right or remedy the Company may have, the Company may at any time require the Customer to deliver up all Goods in its possession which have not been irrevocably incorporated into another product; and if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

8. SUPPLY OF SERVICES

8.1 The Company shall provide the Services to the Customer in accordance with the Service Specification in all material respects.

8.2 The Company shall use all reasonable endeavours to meet any performance dates for the Services specified in the Order, but any such dates shall be estimates only and time shall not be of the essence for the performance of the Services.

8.3 The Company shall have the right to make any changes to the Services which are necessary to comply with any applicable law or safety requirement, or which do not materially affect the nature or quality of the Services, and the Company shall notify the Customer in any such event.

The Company warrants to the Customer that the Services will be provided using reasonable care and skill.

- (a) ensure that the terms of the Order and (if submitted by the Customer) the Goods Specification are complete and accurate;
